

Fleetwood Bawden School

MONTESSORI

Program

Montessori is a method of education that is based on **INDEPENDENT, SELF-DIRECTED** activity, hands-on learning and collaboration.

Montessori encourages creativity and curiosity and leads children to ask questions, explore, investigate and think for themselves as they acquire skills.

Children set goals and have freedom of choice within clear, firm and reasonable boundaries.

Montessori nurtures the whole child. The primary goal of a Montessori program is to help each child reach full potential in all areas of life.

Through their work, the children develop concentration and self-discipline. Children progress at their own pace and rhythm according to their individual capabilities and interests.

Parent Testimonial

"Montessori has been such a positive influence in my children's lives. Montessori has provided the opportunity for my child to make choices in his learning strategies, which has translated so well into making choices in other areas of his life. His teacher created an inclusive and diverse environment where my child has been able to grow as a student and citizen. I can't say enough about the Montessori program at Fleetwood Bawden. I'm looking forward to my daughter also joining the Fleetwood Family in grade 1."

-Jami Thompson (Current Montessori Parent)
