

March; Sa'aiki'somm

)))  [sa-ay-gee-soum]

According to the Blackfoot, March is known as the Duck Moon. Trevor Kii Tokii said his grandfather Allen Prairie chicken (kii'tokii) shared with him "March is Duck Moon, when the ducks returned," he also stated that "all animals helped humans decipher the weather, returning of Ducks was a good sign spring has arrived".

WOMEN'S MEMORIAL MARCH LETHBRIDGE ART WALK

What? The Women's Memorial March is held every year on the 14th of February, in cities across Canada and the United States. The Women's Memorial March started in 1992 in Vancouver, BC, and continues to honour the lives of missing and murdered women. This event is organized and led by women...because women - especially Indigenous women, girls, two spirit and trans people - face physical, mental, emotional, and spiritual violence on a daily basis. The February 14th Women's Memorial March is an opportunity to come together to grieve the loss of our beloved sisters, remember the women who are still missing, and to dedicate ourselves to justice.

When? The art walk begins on February 14th and will run into the month of March.

Where? Coal Banks Trail. You can start the walk from either end. The North entry is situated at the parking lot beside the highway 8 parking lot. The south entry is in front of the Helen Schuler Nature Centre.
