ATTENDANCE AND LATES

Fleetwood-Bawden values learning. We have high expectations for regular attendance and arriving to school on time.

The outside doors are locked after the students enter the school at the 8:30 bell. We ask that ALL students arriving to school after the 8:30 warning bell use the front doors. Please do not knock/bang on our doors; for safety reasons we teach the students NOT to open outside doors. Please use the front doors.

We continue to appreciate there may be challenging circumstances hindering attendance. Please reach out to Mrs. Mundell or Mrs. Giles should you require support.

Mental health for highly sensitive teens; unique struggles for these emotional feelers

10:00 AM-11:30 AM

Highly sensitive teens are often misunderstood by parents and teachers as they often have stronger emotional reactions. In this presentation, learn why this happens, and the necessary tools required to help these teens manage their emotions so they don't become derailed.

Understanding Influences: Family Conflict & the Developing Brain

6:30 PM - 7:30 PM

Separation, divorce, and family restructuring can bring about a variety of different changes and challenges for both children and their families. Participants in this workshop will learn more about recognizing and understanding children's needs and emotions during difficult times. Additionally, participants will recognize positive conflict management skills to support their children through difficult times.

Avoiding Power Struggles

6:30 PM - 8:30 PM

Power struggles are a natural and normal part of a child's development as they explore their autonomy and independence. Children learn many skills from parents who handle power struggles with positive actions. This can be very challenging for parents, however, especially when working with children who are beginning to discover their world.

Sibling Rivalry: We all want harmony and to reduce rivalry between our children

6:30 PM - 8:30 PM

This class discusses how to reduce anger between siblings, encouraging cooperation and problem solving, and understanding the role we play as parents, and when and how to intervene.
